

Target Authorization Body

The FWG proposes pursuing the development of this Facility Identification Standard as an FGDC standard. The FWG may consider pursuing (at a later date) the development of the Integrated Standard as an ANSI (American National Standards Institute) Standard within an ANSI's technical committee. FGDC would serve as the Target Authorization Body until this Facility Identification Standard becomes an ANSI Standard.

South Cow Mountain Recreation Area**

AGENCY: Bureau of Land Management, Interior.

ACTIONS: Notice of intent and scoping period.

SUMMARY: The South Cow Mountain Recreation Area is currently managed under the Management Framework Plan of 1971 (MFP) and the ORV plan of 1982. Due to changing public values and the acquisition of additional parcels, it is necessary to amend the MFP. No major shift in management strategy is anticipated. The aim of the plan amendment is to refine the existing successful policies and address social, economic and environmental issues resulting from the success of the present management strategy. The objectives are to better serve the recreating public in an environmentally sound, socially acceptable manner. A series of scoping meetings will be held to accept public comment on issues that should be addressed in this plan amendment. Written comments will also be accepted.
